

The KS-10 range of standard electrical 3 metre trunking and accessories are manufactured to our own design from 1.2mm thick 304 - 1.4301 stainless steel and are suitable for hygienically sensitive areas. Designed to the same specification as the 'KM' series, the KS-10 range has the additional benefit of an apex cover with a 10 degree angle, preventing the build up of unwanted material deposits. For specialist requirements such as use in corrosive environments the KS-10 range is also available in 316L - 1.4404 stainless steel.

Standard Features:

- n Cover: Unique 10° pitch cover for lengths & fittings
- n Material: 1.2mm 304 - 1.4301 stainless steel
- n Finish: 220 Grit - Satin or mirror finish
- n Lengths: 3 Metre - complete with associated coupler and fixings
- n Fittings: Choice of cover configurations - complete with coupler and fixings
- n Dividers: 1.2mm stainless steel complete with top edge return
- n Divider fixing: Universal - complete with bonding tape
- n Accessories: Available for all sizes
- n UL approved : File No. 206295

Options Available:

- n Material: 316L - 1.4404
- n Dimensions: Bespoke sizes on request

For satin finish prefix length reference number with a 'K'
For mirror finish prefix length reference number with a 'M'

Wireway Lengths	W x H	Length Ref.	Divider Ref.
